25X1A9a [REDACTED]

25X1A9a 3. [REDACTED] PD/BGI, has been selected to replace [REDACTED] NPIC, in the [REDACTED] the Saigon Station. 25X1A
25X1A9a He will depart Washington, D. C. on 14 April 1968.

25X1A9a 4. [REDACTED] GD/BGI, retired after 20 years of service as the Agency's principal mathematical geographer. [REDACTED] made 25X1A9a
a major contribution to intelligence assessments of Soviet target positioning capability, as well as effectively relating geodesy, gravimetry, and mathematics to practical problems of intelligence research and operations.

5. The Cartography Division plans to produce a new map folio covering the administrative setup of the provinces of Communist China. The folio will complement the recently completed Communist China map folio. It will contain textual information, province maps, and an index of administrative names. The Geography Division will contribute to its production.

6. A plastic relief model of the Khe Sanh area of South Vietnam, scale 1:25,000 and approximately 25" x 40" in size, was prepared by the Cartography Division in cooperation with the Naval Reconnaissance and Technical Support Center and the Army Map Service. Duplicates of the model have been made available to components of the Intelligence Community.
